

# CTS Research Program

## Innovation to Impact Awards

### Concept Proposal Checklist

This checklist provides a broad overview of the steps applicants need to take to successfully submit a Concept Proposal to the CTS Research Program Innovation to Impact Awards. Any questions about these requirements or other information in the RFA should be directed to [tracs\\_cts\\_research@med.unc.edu](mailto:tracs_cts_research@med.unc.edu).

- Attend required consultation with NC TraCS CTS Research Program staff. Reach out to the CTS Research Program at [tracs\\_cts\\_research@med.unc.edu](mailto:tracs_cts_research@med.unc.edu) to schedule a 30-minute consultation.
- Identify NC TraCS resources and services that may be relevant to the proposed work. [Refer to the TraCS services list webpage to learn more about the resources and services offered by TraCS.](#)
- Develop and submit Concept Proposal by 5:00 pm on October 17, 2024, using the [NC TraCS online submission system](#) (located under “NC TraCS Clinical and Translational Science Innovation to Impact Awards: Concept Proposal Submission”).
  - Section 1: Proposed Work
  - Section 2: Research Team
  - Section 3: Collaboration with TraCS Resources and Services
